Sir,

With reference to correspondence ending with Government Proceedings No 11537-8/M1 (96-05)-12 dated 9th May last, directing the investigation of a project for the improved supply of water to the Chickmagalur Town, I have the honor to inform you that from the reports received from the Executive Engineer, Kadur Division and the Superintending Engineer, Western Circle, it would appear that the deficiency in the present supply is due to the Municipality having utterly neglected their duty to maintain the head works and channel on which the water supply to their reservoir depends especially in the hot weather -Vide copy of Captain Traill's Inspection Note dated 14th May 1906 herewith forwarded for information Government are of opinion that this is not creditable to the Municipality

2. It may be desirable, in order to prevent the ryots from having any claim to the supply from January to June from the stream on which the head works are situated, to pay the compensation necessary to buy up the whole supply in the stream during these months.
